

MIGUEL DIAMOND

FULLSTACK DEVELOPER

+58 4121013148 | diamondmiguel12@gmail.com |  [Miguel Diamond](#)

PROFESIONAL PROFILE

Software Engineer with 4 years of experience in full-stack web development, building modern technological solutions to deliver the best and most efficient user experience. I work at the intersection of product engineering, technical software architecture, and collaboration with AI tools, tackling business problems and arriving at the right solution.

Value proposition: notification architecture, client-code bridge, consolidated deliveries.
